

PRESS RELEASE

Inno's novelties at Milan Furniture Fair 2012

Inno will be launching new products at the International Furniture Fair in Milan 17th - 22nd April 2012. In addition to the new Aura sofa and Intro chair we will be presenting Kola Light Wood - the latest model of the GOOD DESIGN and red dot awarded Kola series, Lab table and other favourites of our collection (stand 20E05).

AURA Design Mikko Laakkonen

Aura is a harmonious and cozy 2-seater sofa, it surrounds you and is perfect for creating peaceful interiors. Due to its high back the tempting and sympathetic Aura also works as a divider. The disclosed structure makes Aura characteristic and interesting.

INTRO Design Ari Kanerva

Intro is a stackable wooden chair for use in a variety of public and private spaces. At first sight Intro looks simple but it's designed with a lot of attention to detail. The unique design combined with ergonomic proportions make it suitable for use in different purposes alone, in a group or around a table.

LAB Design Harri Korhonen

Lab is a light meeting or dining table, available as an individual or a modular version that can be extended endlessly. Its wooden legs (birch / oak / stained, painted or natural) evoke cozy warmth. Width 800-1200mm, different lengths.

KOLA Design Mikko Laakkonen

Kola is aesthetically and weight wise a light chair making it fit both public and private modern interiors. Kola Light Wood is the newest member of the growing Kola family. The combination of warm materials reflects the current interior spirit. The seat, manufactured of 100% recyclable polyester felt, is part of the supporting construction. It has also great acoustic absorption capacities. The felt seat can easily be renewed which gives the chair a longer life cycle and accordingly it leaves a smaller ecological footprint. The upholstered cushion gives extra comfort and allows the use of playful colours. Fire resistant and easy to clean. Kola family includes an easy chair, a rocking chair, a meeting or dining chair with different leg options and a stacking small chair with or without armrests, or with a crossleg for meeting applications.
