

# PRESS RELEASE

## Inno at Orgatec fair 21<sup>st</sup> – 25<sup>th</sup> October 2014

Inno will be presenting the following novelties at the Orgatec fair in Cologne, Germany: The wooden small chair Julie, Box Wood and Flip folding table are all representing the recently introduced concept "Cozy Office" for friendly environments. Additionally, Taivu easy chair, Intro chair with armrests along with the new, totally wooden version of the stackable Lab chair and bar version of Lab can be experienced at Inno's stand N-020 in hall 10.2.

### **JULIE** design Julie Tolvanen

Julie is the result of a persistent design process where curved veneer slats form a beautiful back and armrests for this light looking, almost sculatural wooden small chair for dining and meeting purposes. Available with or without seat upholstery.

### **BOX WOOD** design Harri Korhonen

Box Wood with wooden legs and soft appearance is a new version of the Box sofa system. Firstly, the benches that come in different widths and lengths are presented as part of the Cozy Office concept to be followed with the sofas.

### **FLIP** design Harri Korhonen

Flip is a new wooden folding table for lecture, meeting and restaurant surroundings. It has a classic, warm look with a modern twist.

### **TAIVU** design Mikko Laakkonen

Taivu is a light and youthful, totally upholstered lounge chair for lobbies and waiting areas. Taivu Lounge is a generous and comfortable chair seasoned a little with classic shapes. Taivu is a new series of chairs that are easily tailored to fit different public interiors as well as homes. Firstly, the easy chair is launched and later a meeting chair version.

### **INTRO** design Ari Kanerva

The armrest version of Intro contains a distinct spirit that is suitable also for conference milieus. Intro is a stackable wooden chair for use in a variety of public and private spaces like dining rooms. At first sight Intro looks simple but it's designed with a lot of attention to detail. The unique design combined with ergonomic proportions make it suitable for use in different purposes alone, in a group or around a table. Available with an upholstered seat and/or back.

### **LAB WOOD & BAR** design Harri Korhonen

Lab Wood is a new, totally wooden version of the stackable Lab chair. The softness of the chair has been created through a plain quilted seat. As continuation to the cozy convention of the Lab table and chair series, Lab Bar chair is also introduced. Additionally, Lab Z chair with a height adjustment mechanism and wheels or glides along with Lab X with a four-star cross-leg are available with or without armrests. Lab table is a casual meeting or dining table, available as an individual or a modular version that can be extended endlessly. Now also available in round shape!

### **AURA** design Mikko Laakkonen

Aura chair L is the newest member of the award-winning Aura family. With its higher back, the sympathetic lounge chair fits naturally together with the Aura sofa. The chair is also available with a slightly lower back, which gives the person sitting in it a better view of their surroundings. Mix the sofa and the different chairs together to form harmonious and cozy Aura groups or use the products separately. The chairs can also be used as side chairs. Due to its high back the tempting Aura sofa works also as a divider. The disclosed structure gives Aura a characteristic identity. Aura was awarded the red dot: best of the best 2013 design award for its elaborate and innovative design.

**KOLA** design Mikko Laakkonen

Kola Lounge X is a swiveling lounge chair. The aesthetically and weight wise light family of chairs fit both public and private modern interiors. The seat, manufactured of 100% recyclable polyester felt, is part of the supporting construction. It has also great acoustic absorption capacities. The upholstered cushion gives extra comfort and allows the use of playful colours. The Kola chairs are fire resistant and easy to clean. The Kola family includes an easy chair, a rocking chair, a meeting or dining chair with different leg options and a stacking small chair with or without armrests, or with a crossleg for meeting applications. Kola has been awarded with red dot award: product design 2012, Fennia Prize 2012 and Good Design Award 2010.

**BONDO** design Harri Korhonen

The Bondo tables have started to live a life of their own. The table was originally designed as part of the Bondo sofa series, available in two sizes and heights. The light structure, beveled table top edge and soft shape create an aerial impression. The tables overlap each other slightly which allows for organic layouts. After several customer requests for new sizes the table series is now growing with two longer versions and a small side table to be used as a laptop or writing table in groups that consists of sofas and armchairs.
